YACHT	
Yacht Name	MY CoCo
Flag	Norway
Home port	Oslo
Official ID/Callsign	LFDD
MMSI	257022170
Hin No	BZFC6001E495

MY CoCo was designed by Ted Hood, and built at his Little Harbor Yachts in Portsmouth, Rhode Island, USA (now Hinckley Yachts). She is a custom 60 feet motor yacht, built and equipped to the highest standards. Her classic beauty and quality turns heads everywhere she goes.

MY CoCo sleeps 6 guests in 3 comfortable double cabins, each with their own bathroom. Two of the cabins can accommodate a 3rd family member, when needed. The crew have their own accommodation on the lower deck.

MY CoCo has spacious areas for relaxing and socializing both inside and out. The aft cockpit with dining area is well protected by high coamings and a bimini, and thanks to a clever and unusual positioning of the main engine exhaust outlets, the cockpit offers fresh air, even when underway.

The flybridge has a comfortable and large sofa for guests to enjoy the views and to follow the navigation. The foredeck is huge, and offers several good spots for sun bathing and lounging.

TED HOOD (1927—2013)

Ted Hood was a distinguished and extremely talented sailor, sailmaker, boat designer and builder. He has been inducted to both the Americas Cup Hall of Fame and the U.S. Sailing Hall of Fame.

He started his career as a sailmaker and founded Hood Sails, which under his leadership grew to one of the leading sailmakers in the word. His sails were used on all winning boats in the Americas Cup, from 1958 to 1977, including on his own “Courageous”, which he skippered to victory in 1974.

Early in the 1980s, Hood sold the sailmaking businesses and focused his attention on designing and building sailing and motor yachts, under the Little Harbor name.

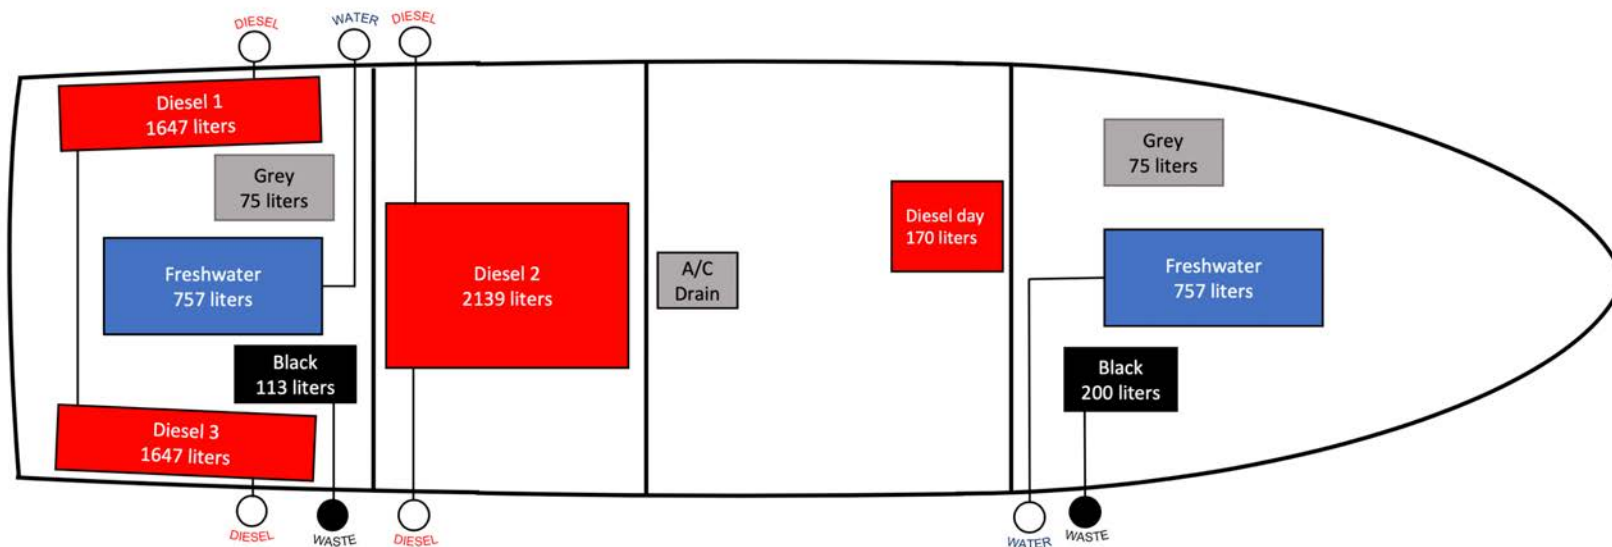

Approximately 1,500 yachts of Hood’s design still sail the seas.
